Proposers should use the relevant information available at the following website and clicking on About WIOA:

- <http://www.doleta.gov/WIOA> - U.S. Department of Labor's Employment and Training Administration (ETA) resource page with guidance and technical assistance tools.

E. Demonstrated Ability to Perform

CWI intends to make awards to organizations possessing the demonstrated ability to perform successfully under the terms and conditions of a contract. In evaluating demonstrated ability to perform, reviewers shall take into consideration such matters as to whether the organization has:

- Adequate financial resources or the ability to sustain them in regards to serving customers;
- Ability to meet the RFP design specifications at a reasonable cost;
- Ability to meet performance goals;
- Satisfactory record (must be validated) of past performance in delivering the proposed or similar services to the targeted demographic group, including demonstrated quality of services and successful outcome rates from past programs;
- Ability to provide services that can lead to the achievement of competency standards for customers with identified deficiencies;
- Satisfactory record of integrity, business ethics, and fiscal accountability;

- Expertise with the management information system or a plan to obtain functional capability upon contract award.

F. Selection Process and Contract Award

No changes, modifications, or additions to a proposal may be made by the proposing agency after the proposal deadline unless requested by Board staff. Proposals will be evaluated by a Proposal Review Panel comprised of CWI staff and other preselected reviewers. Rating sheets will evaluate each category on a numbering system based on proposers responses as completely responds to the question, partially responds, or response is missing, unclear, or does not apply. Cost Effectiveness will be a factor in selection criteria. Proposers should not have any communications with the Proposal Reviewers, CWI staff or Board committee members regarding proposals, recommendations or any other issues related to the RFP process. Such communication will disqualify the Proposer.

Contracts may be awarded based on offers received, without discussion of such offers with the proposers. Each offer should be submitted in the most favorable terms, from a price and technical standpoint that the proposer can make. The Board reserves the right to request additional data, oral discussion, or presentation in support of written proposals at a pre-contract meeting.

Final award of a contract will be contingent upon: successful negotiation of an agreement; acceptance by the proposer of the contract agreement terms and conditions; satisfactory verification of past performance where applicable; acceptance by the proposer of responsibility for achievement of contract goals and objectives; and availability of funding.

G. Conditions of this RFP

The cost of developing proposals in response to this RFP is entirely the responsibility of the Proposer and shall not be chargeable to CWI/Northwest Indiana Workforce Board under any circumstances. This RFP does not commit CWI to award a contract, to pay any costs incurred in advance of the execution of a contract, or to procure or contract for services or supplies. CWI on behalf of The Northwest Indiana Workforce Board reserves the right to accept or reject any or all proposals received as a result of this request, to negotiate with all qualified sources for additional program components or services, or budget line items, or to cancel in part, or in its entirety, this RFP if it is in the best interest of CWI to do so. The Board staff may require the proposers selected to participate in negotiations and to submit price, technical, programmatic, or other revisions of their proposals in writing.

The following conditions are applicable to all proposals. CWI reserves the right to:

- Return non-responsive proposals without review.
- Waive informalities and minor irregularities in proposals received.
- Not fund part or all of a proposal even though it is found to be in the competitive range if, in the opinion of CWI, the services proposed are not needed, or the costs are higher than CWI finds reasonable in relation to overall funds available, or if past management concerns lead CWI to believe the bidder has undertaken more services than it can successfully provide.
- Negotiate any and all proposed costs, staffing levels, service/activity mix, geographical locations, and all other specifics.
- Request additional data, technical or price revisions, or to request oral presentations in support of the written proposal.
- Fund a lower-ranked proposal over a higher ranked proposal because of valid policy considerations, including but not limited to geographical considerations, leveraging of outside resources, and target populations.
- Conduct a pre-award review that may include, but is not limited to, a review of the proposer's record keeping procedures, management systems, accounting and administrative systems, training facilities, and training materials.
- Use additional or de-obligated grant monies to increase the funding of successful programs.
- Change specifications and modify contracts as necessary to facilitate compliance with the legislation, regulations, and policy directives; to manage funding; and to meet the needs of the participants, as WIOA guidance may occur during this RFP process.
- End contract negotiations if acceptable progress, as determined by Board and staff, is not being made within a reasonable time frame.

PART III. FINANCIAL REQUIREMENTS

A. Capabilities

Proposers must be able to demonstrate the administrative and financial capability to effectively and efficiently deliver the services proposed. Administrative capability includes the ability to design and implement the proposed services, manage the delivery system, conduct self-monitoring for contract compliance, measure customer satisfaction, implement a continuous improvement model, achieve the contract objectives, provide quality service delivery, keep appropriate, auditable records, and meet performance standards. Proposers must also meet fiscal reporting requirements in accordance with Generally Accepted Accounting Practices (GAAP), and show evidence of continued financial stability.

B. Staff

CWI will only reimburse personnel costs for time actually worked.

C. Cost and Price Analysis

All proposals will be evaluated on the basis of obtaining the most cost-effective price possible while achieving the highest quality service delivery. To accomplish this, CWI shall conduct a cost and price analysis on proposed costs during the proposal review process. Agencies are encouraged to submit their best offer for providing the services solicited and to thoroughly describe and justify the costs.

The cost and price analysis shall be conducted to ensure that the proposed costs are necessary, fair, and reasonable; to determine if the proposed costs are allowable and allocable; to determine if there is a duplication of costs with other programs; to ensure that the costs are directly associated with carrying out only the proposed services; and to ensure that the proposed costs will benefit the program.

D. Purchasing

Agencies awarded a contract under this RFP shall be required to follow the CWI's purchasing procedures or obtain approval to follow their own written procedures. If the proposer intends to procure equipment, materials, etc., from itself or an affiliated organization, it must be identified as such in the budget narrative and any profit generated from that transaction(s) must be identified in the proposal. At the discretion of CWI, all purchases with contract funds with a projected life span of over one year will remain the property of CWI. Leasing arrangements for property or staff must be competitively procured and approved during the negotiation of the contract.

E. Administration and Indirect Costs

The legislature intends for a maximum amount of funding to be used for direct client costs, therefore funding for administration is limited to 7%. CWI expects and encourages proposers to use their currently existing administrative structure at no additional cost to this service provision. Indirect costs (corporate overhead) must be a documented and "reasonable" percentage or amount as calculated by your headquarters. All costs set forth in a contract are considered programmatic in nature, including those normally known as administrative. Indirect costs will be considered in the overall picture, keeping in mind that those dollars take away from services, resources and activities.

F. Funding Period

The funding period for contracts awarded under this grant will be March 1, 2019 and continue through June 30, 2019.

G. Contract and Payment Method

Contracts are negotiated on a cost reimbursement basis.

Proposers are advised that any contract awarded under this RFP may be modified to incorporate legislative and policy changes, revisions to the program design, alterations of any services and activities provided or a reduction or increase in the amount of funding available.
